This Order amends Commission Order No. 2008-691, issued September 25, 2009, to correct a technical error. In the header on each page of Order No. 2008-691, the order erroneously stated the order number as Order No. “2008”-691 and should have been stated as Order No. “2009”-691. Accordingly, we are issuing this Amended Order which corrects the error and in all other respects (with exception of the date of issuance) is unchanged from the original.

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of the request of American Black Cab Company DBA Charleston Black Cab Company (the Applicant) filed September 9, 2009, whereby the Applicant seeks approval of an amendment to Class C Charter Certificate of Public Convenience and Necessity No. 7647-A. The Applicant requests approval of a change in the passenger restriction appearing on such Certificate.

A review of the docket file reveals that the original Certificate (Certificate No. 7647-A) to render motor passenger service in the present docket was issued pursuant to Commission Order No. 2005-697, dated December 15, 2005.

The Applicant now seeks to amend Certificate No. 7647-A by a change in the passenger restriction appearing on such Certificate.

Currently, the Applicant's authority to provide passenger service (Certificate No. 7647-A) reads as:

...to furnish passenger service...as follows:

Between Points and Places in Berkeley, Charleston, and Dorchester
Counties, South Carolina,

Restricted To: Five (5) Passengers.

The Applicant requests to increase the passenger restriction from five (5) to twelve (12) passengers.

Based upon review of the matters asserted in the Applicant's request, the Commission is of the opinion that the relief sought by the Applicant should be approved.

IT IS THEREFORE ORDERED:

1. That the relief sought in the request for modification of Certificate of Public Convenience and Necessity No. 7647-A of American Black Cab Company DBA Charleston Black Cab Company by changing the passenger restriction thereon from five (5) passengers to twelve (12) passengers be, and hereby is, approved.

2. That said approval is for a change in the passenger restriction authorized by such Certificate but does not otherwise authorize any change in the operation of the regulated services.

3. An amended Certificate shall be issued by the Office of Regulatory Staff to the Applicant as provided herein.

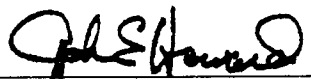

4. That prior to compliance with statutory and regulatory requirements and the receipt of such amended Certificate, the modified motor carrier services authorized by such Certificate may not be provided under the amendment approved herein.

5. That this Order shall remain in full force and effect until further Order of the Commission.
